We went to meet the donkeys and wow so so loveli. Donkeys look so much like cats, with purrs? [Isle of Wight Donkey Sanctuary](#) is like [City Farm in Paradise Park](#), Sarah! Holy, and precious, animaux. Names include Angel & Angus & Brandy & Buttons & Charlie & China & Elvis & Emyr & Eric & Frosty & Galentine & Hope & Hovis & India & Joseph & Kitchi & Koko & Larry & Luckie & Mabel & Merlin & Moses & Myra & Nick & Olive & Prune & Rose & Rosie & Ruby & Smudgie & Sooty & Sunny & Tim & Trixie & Wilfie & Womble, yes. They share now in the greatest of care ~ it's true. Safe, and warm, and with as many apples to eat as they'd like.

In the café, we look up the meaning of numbers. 7 and 13 mean all sorts of things all over the world. Today it is 2023, and tomorrow it is 2024. *All* numbers are 'lucky'!

A visitor, Robby, brings smarties and we search for more fossils on the beach at sunset; silver ponies are on the sea-lake, and petals, and letters.
